

HUNTER COLLEGE

Annual Report of Grants and Contracts

July 1, 1996 through June 30, 1997

OPENING REMARKS

In the decade since the last comprehensive Middle States Association review, Hunter College has accomplished a phenomenal increase in the area of grants and contract awards. In 1987, there were 241 projects funded at a level of \$11.5 million by government agencies, foundations, corporations, and non-profit organizations. Ten years later, we have 350 projects and \$23.1 million.

These projects span the intellectual and social horizon from research on the central nervous system to mentoring the next generation of researchers and teachers, from training of social workers and AIDS center personnel to advocacy for elder rights, from developing curricula for language learning to basic research on cancer, from preparing health delivery personnel for the next century to operating a summer health education and sports program for disadvantaged children.

The past year was marked by the departure of two friends: the Center for Media and Learning transferred to the Graduate School and University Center where they continue their good work and the Aaron Diamond Foundation closed its doors after issuing a remarkable series of grants for a variety of Hunter projects.

Despite these changes and the continuing departure of senior faculty who have taken advantage of early retirement opportunities the total number of projects funded from all sources continued to grow. This augurs well for our future. In addition to the projects funded from sources outside the University, our faculty have shown great success in the PSC-CUNY Research Award Program, and faculty and staff members have participated successfully in the various internal awards competitions sponsored by the University and the College.

Success in being awarded grants and contracts is a recognition of the accomplishments and perseverance of our faculty and staff. I am pleased to congratulate everyone who contributed to the overall success of the College and who had a role in making 1997 the fifth consecutive year in which the College has surpassed the \$20 million plateau.

A handwritten signature in cursive script that reads 'Laura Schor'.

Laura S. Schor
Provost

August, 1997

A Note from the Director

This report lists all the awards made to Hunter College during the past year. The Overview of External Funding section of this report (green pages) shows virtually a 100% increase in funding level from various sources in the last decade.

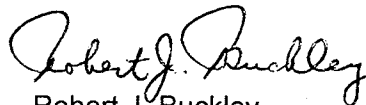

There was, however, a drop of approximately \$3.6 million in awards from the prior year. An analysis points to a number of factors, all of which Hunter has experienced at one time or another previously, but all of which occurred in Fiscal Year 1997. Clearly, the decrease in dollars has nothing to do with the effort displayed by all who continue to compete for grants that will both advance their own research and provide support for students.

Some notes on factors contributing to the drop in funding:

- the drop in the indirect cost rate from 56% to 53%, which effectively reduces federal research grants by 3% in most cases;
- the late passage of the State budget;
- the need for State and City offices to work out relationships on the needs of their respective agencies and personnel. Once these details are worked out, the agencies will determine whether Hunter College or other agencies can assist in accomplishing their goals, such as in training staff members. Some of this funding already has been retrieved in the new fiscal year (FY1998);
- the end of funding of general projects by the Aaron Diamond Foundation (which had funded 50 projects totalling \$4.26 million over 10 years);
- the move of the Center for Media and Learning was a big loss to our statistics;
- the conclusion of the transition of the Inter-University Program for Latino Research to the University of Texas at Austin has also been an eroding factor;
- the departure of a couple of non-profits that, having completed their affiliations with Hunter projects, obtained their own tax-exempt status and moved on.

Yet, even with a declining overall number of full-time faculty members, we had our highest percentage of success (88.46%) and the largest number of awards ever in the PSC-CUNY Research Award competition. Our volume of proposal submissions continues to be strong, and we continue to pursue new initiatives.

The staff of the Office of Research Administration joins me in saluting our faculty and staff on their achievements. We hope you find the following report to be informative.

Robert J. Buckley
Director

August, 1997

 - Section II-B* *Other Internal Support* *(cherry pages)*

- ◆ *Part III* *Overall Summary of Project Support* *(canary pages)*

Summary of Grants and Contracts from External Sources

This part is divided into three sections:

Section I-A Overview of External Funding

Section I-B Individual Project Listing

Section I-C Proposal Submissions

Section I-A: Overview of External Funding

This section contains statistical information on grants and contracts from external sources, i.e., agencies of Federal, State, and City governments, foundations, corporations, and non-profit organizations. For the sake of making comparisons, figures are given for the quarter century beginning July 1, 1972.

Grants and contracts have undergone remarkable growth since the late 1970's. Viewing awards in ten-year increments, we used 1977 as the initial base year to illustrate growth:

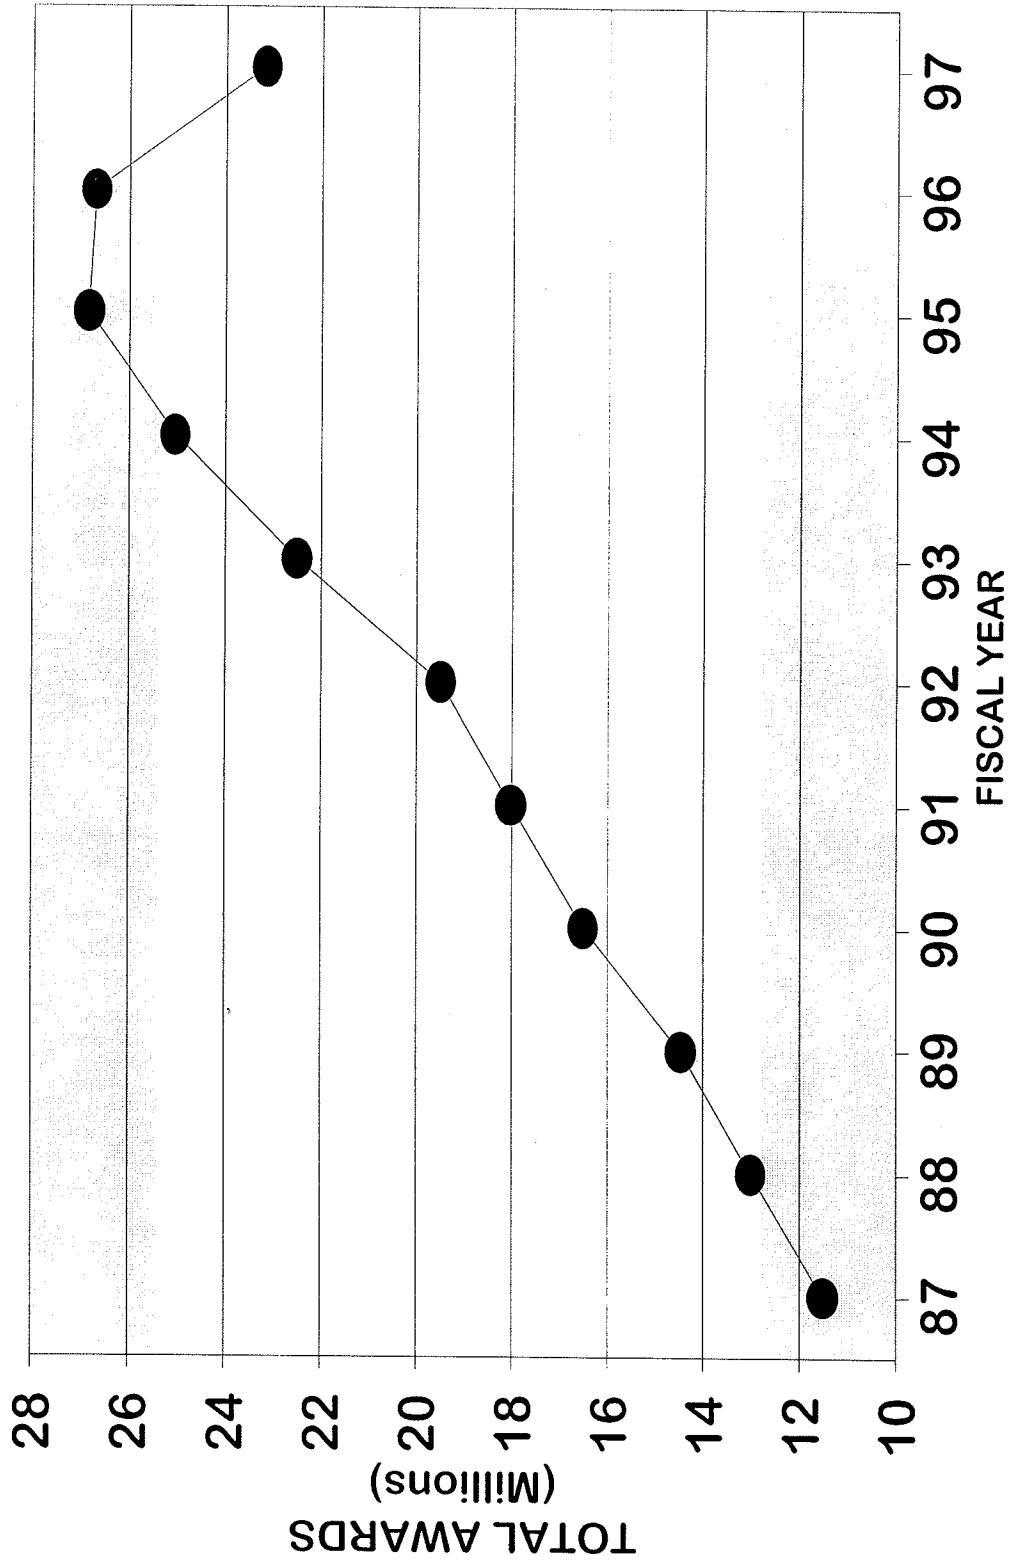

*Per Cent Increase in Dollar Volume by Source
by Decade since 1977*

	<u><i>Federal</i></u>	<u><i>State and City</i></u>	<u><i>Non-profits</i></u>	<u><i>Foundations</i></u>	<u><i>Total</i></u>
<i>from 1977 to 1987</i>	147%	659%	839%	1,874%	215%
<i>from 1987 to 1997</i>	44%	265%	187%	142%	101%

The "mix" of the source of grants has also undergone tremendous change. In 1977, Federal grants totaled \$2.8 million and represented 88.1% of that year's grants. In 1997, Federal grants reached \$10.0 million, but that amount constituted only 43% of our \$23,156,151.

Note: The Center for the Study of Family Policy was instituted in fiscal year 1990. The American Social History Project joined Hunter College in fiscal year 1990. 1993 marked the first full fiscal year for the Center for AIDS, Drugs, & Community Health and the Center for Occupational & Environmental Health. Grants for the two centers were previously shown with the School of Health Sciences.

	<u>\$10,032,270</u>	<u>100.00%</u>

Section I-B: Individual Project Listing

This section's 74 pages list the individual projects that comprised the grants and contracts sponsored by external sources during fiscal year 1997 (July 1 1996 - June 30 1997). Also included are grants made directly to individuals (e.g., fellowships), but these figures are not included in the previous section's overall statistics on institutionally administered awards. In several cases, Hunter faculty have co-principal investigators at other institutions or serve as project associates to principal investigators at other CUNY schools. When fiscal responsibility for an award lies with a colleague's institution, CUNY collaborations are counted in the dollar total shown, (the other portion directly related to the Hunter person), and non-CUNY administered awards are listed but not counted.

Awards are arranged alphabetically by academic and administrative regions. Within that framework, awards are organized first by department and then by faculty member. Entries include the name of the funding agency and, when applicable, the agency identification number and remarks. Among other data shown are the Research Foundation account number and the award period. Type indicates whether the award is new, a continuation, (non-competitive but contingent on sufficient progress having been demonstrated to warrant continued funding), a renewal (after competitive review of an on going project), or a supplement (additional funding to complete or extend the scope of the original project). When applicable, the status gives the length of the project in years and whether the agency has indicated its intention to continue funding on a non-competitive basis beyond the current period.

The projects are listed as follows:

<i>Academic Regions</i>	<i>Page</i>
<i>School of Health Sciences</i>	<i>1</i>
<i>Note:</i>	
<i>The Center for AIDS, Drugs, and Community Health and the Center for Occupational Safety and Health are listed separately under administrative regions</i>

Section I-C: Proposal Submissions

The count of proposal submissions includes:

- a. proposals for new funding;*
- b. proposals submitted at the end of a funding cycle for review in competition for renewed funding;*
- c. progress reports which, although not competing with other applicants for funding, must demonstrate sufficient advancement towards the project's goal in order to gain the authorization for another year of support.*

Identical or similar proposals submitted to more than one agency are counted separately. Preliminary and final proposals prepared for the same agency are only included once.

In fiscal 1997 Hunter College had 548 submissions. Some statistical information and the listing of individual faculty and staff applicants are shown in this section.

ANNUAL STATISTICS ON NUMBERS OF APPLICANTS AND PROPOSALS AND THE RECORD OF SUCCESS

Beginning with the 1977-78 academic year, the number of grant applications prepared by faculty and staff began a steady increase. The number of proposals had more than tripled by Fiscal Year 1987, and the sum of the grants awarded was more than double the 1977 total.

<u>FISCAL YEAR</u>	<u>NUMBER OF INDIVIDUAL APPLICANTS</u>	<u>NUMBER OF PROPOSAL SUBMISSIONS</u>	<u>NUMBER OF PRINCIPAL OR CO-PRINCIPAL INVESTIGATORS</u>	<u>TOTAL NUMBER OF AWARDS</u>	<u>TOTAL AMOUNT AWARDED</u>
1986	154	303	104	177	\$10,751,915
1987	170	434	128	241	\$11,523,833
1988	182	529	146	291	\$13,000,425
1989	185	484	152	300	\$14,480,343
1990	188	501	155	312	\$16,526,344
1991	191	437	155	301	\$18,057,622
1992	203	531	162	303	\$19,525,867
1993	193	517	182	306	\$22,539,122
1994	197	570	193	306	\$25,082,287
1995	228	573	185	327	\$26,879,730
1996	228	558	202	358	\$26,723,757
1997	219	550	187	350	\$23,156,151

Some applicants submit the same proposal to more than one agency -- these proposals are counted separately. Others submit different proposals to one or more agencies.

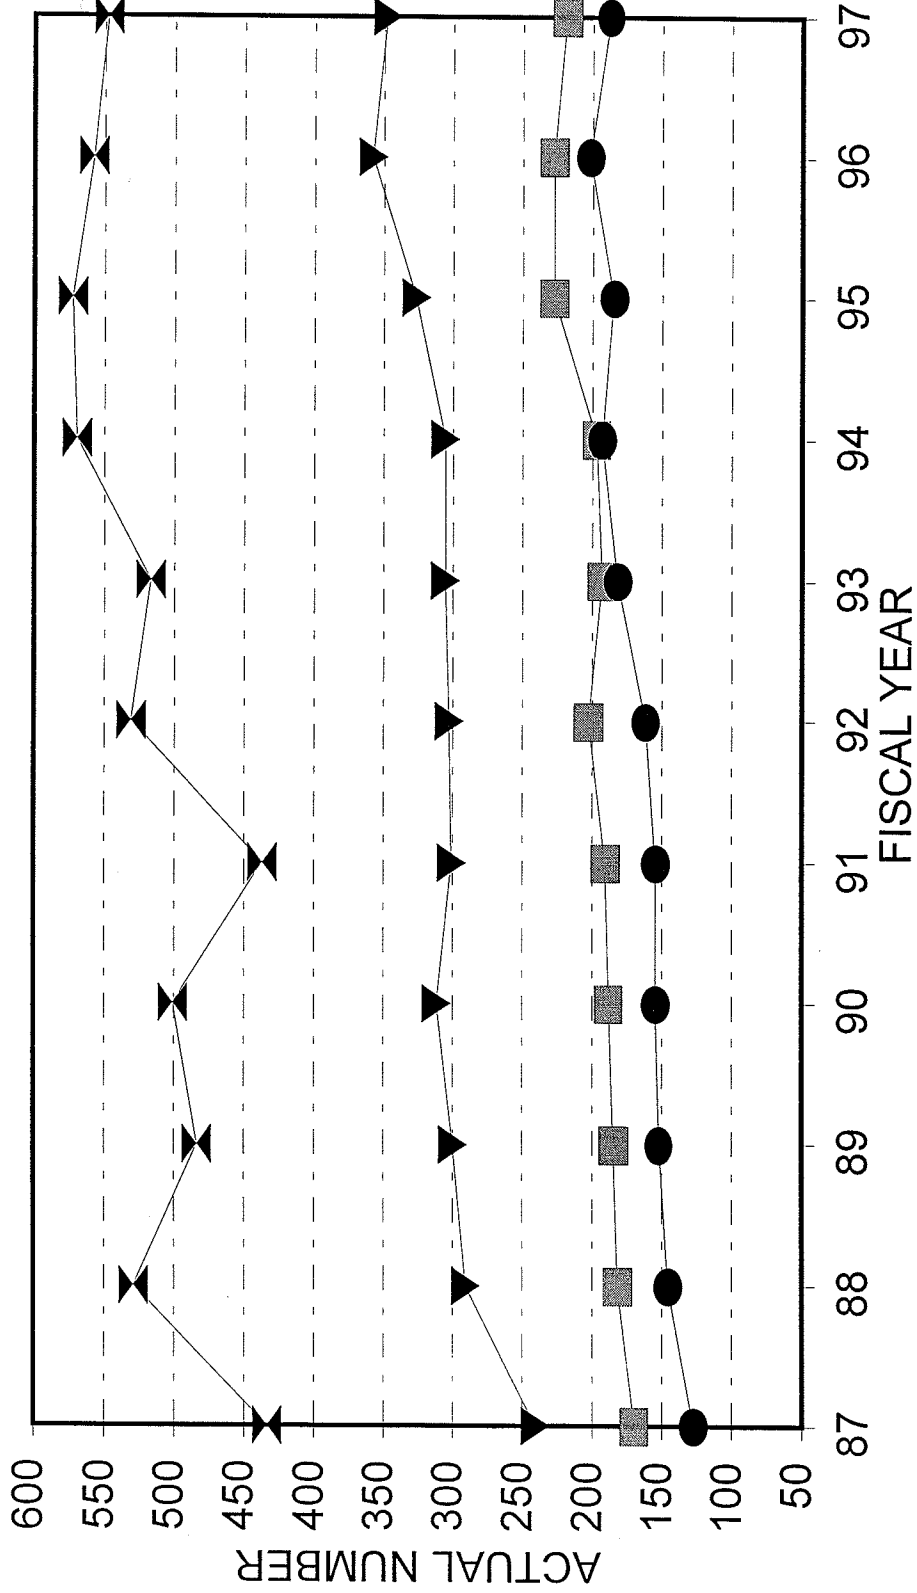

The terms "Principal Investigator" and "Project Director" are used to signify successful applicants, i.e., persons who receive awards. Many faculty members direct more than one project.

Shaded numbers highlight the years in which records were set for the respective categories.

As agencies frequently take 6-12 months to complete the review of a proposal, approximately half of the proposals submitted in one fiscal year do not have a final determination until the next year.

Part II: Internal Funding for Projects

A wide range of other projects received support from College and University funds.

This part is divided into two sections:

Section II-A PSC-CUNY Research Award Program

Section II-B Other Internal Support

Section IIA: PSC-CUNY Research Award Program

The Board of Trustees of the City University of New York (CUNY) and the collective bargaining agent for the instructional staff, the Professional Staff Congress (PSC), demonstrate their recognition of the importance of encouraging research activities in the CUNY system by funding a competitive research award program. Applicants may request a maximum of \$12,000 for research support. Junior faculty members may qualify for summer salary, bringing the maximum possible award to \$15,720.

In the 28 years of the PSC-CUNY Research Award Program, Hunter College faculty and staff have been awarded more than \$8.9 million. Grants are designed to encourage research and serve as pilot and seed money for larger endeavors.

The next page of this section gives a statistical history of the participation of Hunter faculty in the program since its inception. The individual project listing for this year follows. Awards are arranged by academic region and may be found as follows:

Notes: 1. New and continuation awards as of 7/1/91 no longer have additional publication/manuscript preparation funds.

2. The possibility of two-year awards was introduced in the PSC-CUNY-17 competition.

3. Availability of funds was reduced by 50% during a period of no collective bargaining agreement (PSC-CUNY-22,23,24)

4. The highest number ever recorded in each category is highlighted. E.g., 92 awards in the PSC-CUNY-28 competition are the most ever recorded by Hunter College.

Hunter College and the City University of New York made grants to and recognized achievements of numerous Hunter faculty and staff. Among the programs providing the funds were:

1. *Hunter's Shuster Fund, established in honor of the late former Hunter College President, George N. Shuster.*
2. *Hunter's Staff Development Awards.*
3. *Eugene M. Lang Awards for faculty and students projects.*

Awards are listed by academic region on the following pages.

	<u>Page</u>
<i>School of Health Sciences</i>	1
<i>Division of Humanities and Arts</i>	1

Overall Summary of Project Support

At the conclusion of this report, we present statistical tables incorporating all award data available for the last quarter century. The information in this section includes the external awards detailed in Section I-A and I-B of this report, plus fellowships and other grants not administered through Hunter, the PSC-CUNY Research Award Program (Section II-A) and other internal support (Section II-B). The intent here is to present as broad a picture as possible of the support obtained by faculty and staff.

This section shows the tremendous growth of project support over the past decade. As will be seen the numbers and amounts of the awards have risen by more than 100% during the last decade.

Acknowledgements

The staff of the Office of Research Administration takes great pride in assembling this annual report each year. The report chronicles the achievements of our faculty and staff, and we have great respect for the time and effort that are put into writing proposals and administering grants and contracts.

I also want to take this opportunity to acknowledge the contributions of Ms. **Angela P. Clarke** who served as Assistant Director from April 1993 through February 1997. We wish Angela well in her new position at the CUNY Research Foundation, and we are delighted that we have the opportunity of continuing to work with her.

I wish to thank all of my staff for their participation in compiling this report while keeping normal operations at their usual level of efficiency. My thanks to

Carolynn Julien
Barbara Medina
Annmarie Rivera
Ana LoBiondo
Lynda Cortes
Sydell Tyson

Malini Lall
Sharay Williams
Crystal Sheard

Assistant Director
Assistant Director for Project Personnel
Assistant Director for Sponsored Projects
Senior Administrative Assistant
Administrative Assistant
Senior Research Assistant/Staff Member
in Charge of the Production of the Annual
Report (part-time)
Graduate Student Assistant
Office Assistant/Undergraduate (part-time)
Undergraduate Student Assistant (part-time).

Thanks also to my wife, **Lillian**, for contributing her continuing maintenance of grant histories on individual faculty.

A handwritten signature in black ink that reads 'Robert J. Buckley'. The signature is written in a cursive style with a large, prominent 'R' and 'B'.

Robert J. Buckley
Director

August, 1997
